presentation systems

System Source is a full service audio-visual systems company. Our team provides a wide range of services including consulting, system design, installation and maintenance.

"System Source technicians are knowledgeable, professional and efficient. System Source completes each project as scoped to our satisfaction."

David Hennel, Director of Technology
Notre Dame Prep School

Menu of Services

Evaluation of Needs - We visit your site, listen to your needs and recommend the best audio visual system for your requirements. Needs may include:

- Unified Communications
- Conference room design
- Collaboration software
- Digital signage
- Streaming and recording
- Classroom design
- Meeting/Board Rooms
- Huddle rooms
- Room Control
- Simultaneous Interpretation

Video Conferencing - Equipment and conferencing software can be integrated into audio-visual rooms or set up for mobile use.

Audio Conferencing – Microphone and speaker placement designed for even sound dispersion and speech reinforcement. All systems can be integrated with your on-prem or cloud based VoIP phone system.

Collaboration Technology – Interactive projectors, white-boards and LED touch screens can be integrated with Unified Communications codecs such as Microsoft Skype for Business, Teams, Zoom, Webex, Go-to-Meeting, and others.

System Integration and Installation - Audio visual solutions are assembled and tested in our shop and then integrated on site by our industry certified team of technicians and engineers.

Streaming and Recording - Capture live events/ meetings for transmission, editing and archiving.

System Source Benefits

High Customer Satisfaction - We always receive accolades for our service. Each customer is surveyed to ensure the highest service level.

Experience - System Source has partnered with Baltimore area organizations providing AV solutions since 1999.

Full Service - We provide system integration services from design, installation, programming to commissioning. A dedicated project manager coordinates our team with your internal stakeholders and other trades.

Training - The full value of your new system is realized with intuitive designs and in-depth training.

Certified Team - AVIXA CTS, CTS-D, CTS-I; Crestron, Extron, BiAmp, Chief, Dante Certification.
